

Get your company message to a global LP Gas industry audience.
2010 World LP Gas Forum Madrid

The combined 23rd World LP Gas Forum, 2010 AEGPL Congress, and the 25th AIGLP Congress in Madrid will be a unique and spectacular gathering of LP Gas industry professionals. Uniting all three of these international events will attract unprecedented levels of interest and global recognition for your company by advertising in this year's World Forum Exhibition Directory.

A limited number of ads are included in the Directory, which is used as the roadmap for the event, and kept by most attendees for future business contacts. This year's World Forum is much larger than past Forums (and in fact, is virtually sold-out with only two booths left). **Do not delay!** Some advertising opportunities are one-of-a-kind. Advertisers secure ads by date and time of fax or email.

Don't miss this high profile opportunity.
 For more info on the Forum visit
